Employment:

We plan to review our employment practices with the goal of attracting new employees and retaining existing employees, including people with disabilities.

1. Ippolito Transportation Inc. ("the Company") plans to set up a centralized point of contact for all questions and requests related to accessibility.
2. The Company plans to include a statement in each of our job postings that accommodations for all candidates with disabilities are available throughout the recruitment and employment process.
3. The Company plans to implement a "Stay at Work" program that promotes and provides employees with disabilities with workplace accommodations.
4. The Company plans to provide accessibility awareness training to all managers and supervisors within the current calendar year.
5. The Company plans to promote accessibility to our leaders and employees through various communication channels including our intranet, company communication boards, and through our Corporate values.

Built Environment:

We plan to take a proactive approach in the identification of barriers that may hinder or limit current or future employees with disabilities:

1. The Company plans to establish individual evacuation plans for those employees who have disclosed a disability and who have requested assistance in the event of an emergency.
2. The Company will provide accessible parking marked by the International Symbol of Accessibility, where feasible.
3. The Company will consider accessibility when current facilities and structures are being renovated and in the design of new buildings and structures.

Information and Communication Technologies (ICT):

Ippolito Transportation Inc. plans to work closely with the IT Department to ensure accessibility is considered within the scope of IT requests and new technologies. Questions that will be asked include:

1. Are technology assistive devices made available, when requested?

2. Are fonts being used that can be read by screen readers and other assistive devices?
3. Are headings used correctly to organize the structure of our content?
4. Are links given unique and descriptive names?
5. Are electronic forms designed for accessibility?

The Procurement of Goods, Services and Facilities:

1. The Company plans to review our supplier approval procedures and service agreements for accessibility.

Transportation:

1. The Company will work towards identifying and addressing potential barriers with regards to the operation of federally regulated vehicles.

Design & Delivery of Programs & Services:

Ippolito Transportation Inc. is committed to providing a high level of internal and external customer service.

1. We will provide customer service by communicating in person, by email, in writing, by phone, or by any other alternative format when requested by an individual.
2. We will support customers, vendors, suppliers, and visitors by allowing individuals to use their personal assistive devices while on our premises.
3. The Company intends to explore accessible options for training platforms.

Consultations:

The Company consulted with persons with disabilities by phone in the preparation of our Accessibility Plan.

Feedback:

We accept feedback by regular mail, phone, and email.

Feedback will be acknowledged in the same way that the feedback is sent to us.

We do not acknowledge feedback that is sent to us anonymously.
